

THE VIKING JOURNAL

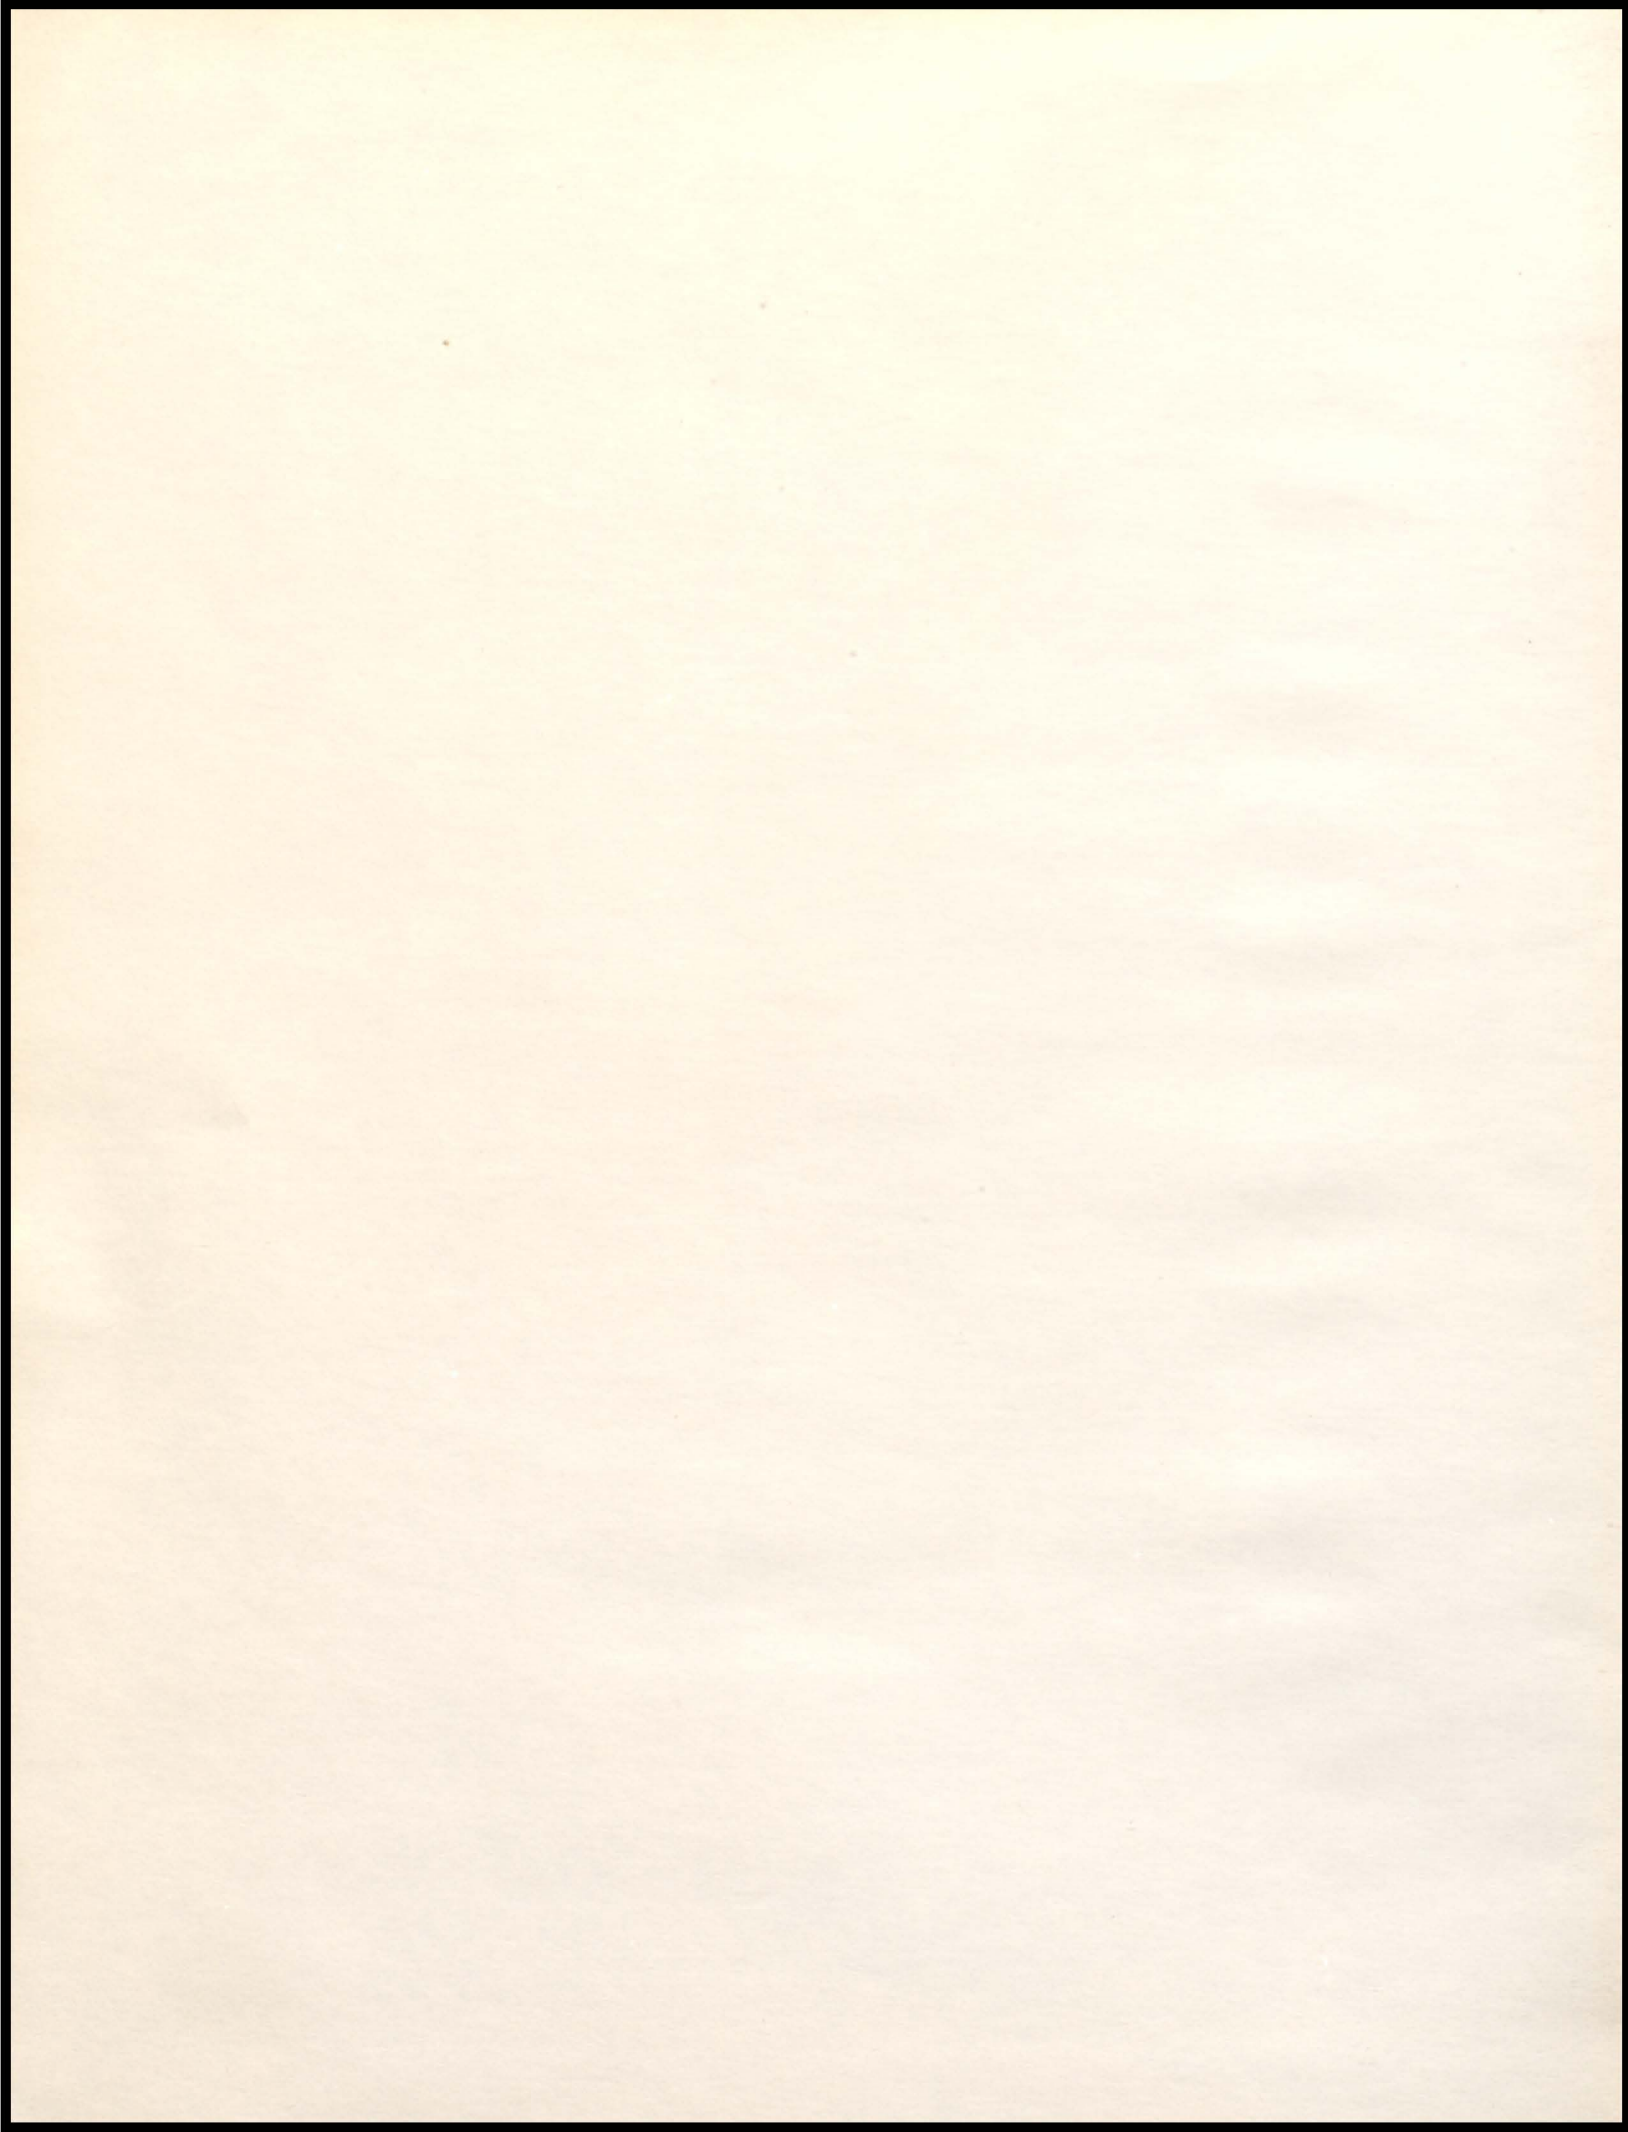

THE VIKING JOURNAL

VALKYRIAN 1984

According to Norse mythology, the "Valkyrie" were the handmaidens of Odin, king of the gods. Legend holds that the Valkyrie hovered over battlefields and decided the fates of the warriors. In addition to choosing which Vikings would be victorious, the Valkyrie conducted the souls of slain heroes to Valhalla, the great hall of immortality.

This edition of the Vailsburg High School VALKYRIAN contains a legend of the warriors who must struggle with the ripple effect of the technological era of human history. We hope the Valkyrie are gracious in bestowing victorious lifestyles for our warriors. Often, however, we trust that our readers realize that victorious living often lies within the framework of constructive decision making and problem solving. Remember: THE CHOICE IS YOURS

Can we talk here! This man does not know the meaning of the word tired. He has devoted hours on end to the senior Class. He has rendered services to the Class only a faithful and addiclve worker could have done. He loves us, and he believes in us. There has never been a bond stronger between teacher and students.

Mr. Slappy, we would like to thank you for the past four years. You have shown us many ideas and goals we can achleve; you have encouraged many of us to accomplish our Ideals. You have made it definite that we were born for a purpose. There were times we became troublesome, but you continued supporting us nonetheless. We want to thank you, Mr. Slappy, for believing in us. We consider you a true friend.

Mr. Wayne Slappy Yearbook Advisor

The Class of 1984 will forever be abundantly appreciative of the excellent services we have received from you. As an English teacher and our advisor we relied on you for so much. We thank you! Our undying gratitude will always be yours. Truly there has never been an advisor as fine as you at Vallsburg High School. Thank you Mrs. "M".

It's a tiresome job; but, somehow it's rewarding

If you want to "TCB" you need the skill the Business Department has to offer. Typing, Bookkeeping, Consumer law, word processing, computers, stenography, Income tax law, banking and recordkeeping are merely the tip of a tycoons iceberg. Society needs people with good business sense.

Drugs are necessary entitles in any society. When used for medicinal purposes, drugs (from the natural to the synthetic), can have a positive effect on one's health. However, misuse, which leads to abuse, will have a destructive effect on vital body functions. Therefore, our drug educator plays a vital role in our school.

Ms. Judy Hamblin

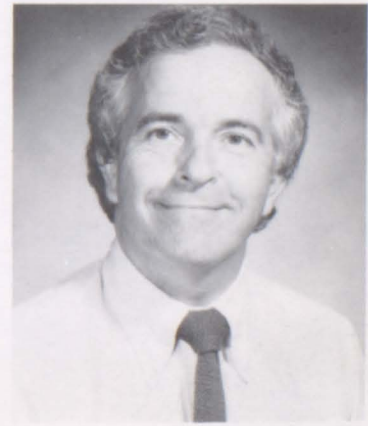

Mrs. Fran Rhodes

Speech is one of the most essential modes of communicating. Occasionally, for some physical or psychological reason, therapy is needed to correct or improve the way we speak. Actually, most of us could use a little refinement in this area.

Solutions to many problems lie within the heart of good listeners and in the minds of people who care. We are fortunate enough to have several specialists who help those who need special care.

REBUILDING THE HITMEN

It is not an easy task to restructure an entire team. Somehow Coaches Jones, Brown, Smith and Zenda have managed to build a dynamic Viking football dynasty. Despite the graduation of several critical players, we nearly won the City Championship for the third straight year.

All Sean Rudolph needs is a little daylight . . . otherwise only a host of tacklers can corral him

Curly drives with determination

It is very difficult to replace a prolific scorer and team player the caliber of Lynn Kennedy. Somehow Coach Ryan's savy and Viking desire inspired our team to another ourstanding season. Cheryl Curly, a quiet, unassuming and "mild-mannered-reporter" by day explodes out of the locker room with more power than a loco-opponent. She leaped for countless layups with a single bound and is faster than the speeding opposition.

"Watch your back!"

Getting "Rough-ed" up?

BALL-ET ANYONE?

Shalesha Wright continues to improve and provide outstanding play for the Lady Vikings this year. Also contributing to our very competitive team were Antoinette Parkinson an adroit dribbling and Jackie Deloach, whose feathery shooting touch tingled the twine.

Shalesha's fresh finger-roll.

Ok, girls, just remember play hard, hustle, press, pass, dribble, take good shoots, rebound, keep your hands up . . . you got it? Oh yeah . . . one more thing . . . have some fun while you're at it.

Antoinette can handle it.

Jackie can really shoot it.

THE BEAT BOX

Music has been the lifeline whose rhythms circulate through every nation in the world. Universally accepted, music reflects and transcends the culture of mankind. Pre-historic man used his voice, his body, legs, bones, animal organs and hides to form instruments to amplify and harmonize his music.

Blacks have made a truly remarkable impact on the world through their music. For example, Beethoven (often called "The Moor of Bonn") wrote his best music during the last five years of his life while totally deaf. Jazz is the only style of African chants and Negro Spirituals. Jazz captured the pulse of society. Initially rejected but now renowned, jazz formed the roots of all contemporary music. In the past year, recorded music has emerged from mere listening to pleasure to video-mania. Recording artists have become actors, animators and film stars almost overnight. This year Michael Jackson, whose record breaking "Thriller" album has sold more than 30 million copies and contained six—count 'em—gold records, accompanied by the musical genius of Quincy Jones and the "Thriller" album, was nominated for 12 (and received 8) Grammy awards. His dancing, prancing and stage presence has launched him into a level of superstardom that has eclipsed many of his contemporaries.

Wynton Marsalis upon receipt of his Grammy Award reminded the world of the genesis of American music. We have decided to include a few. The list is long but leaves out many. Oscar Pettiford, King Joe Oliver, Oscar Peterson, Dave Brubeck, Scott Joplin, Charlie Byrd, Cannonball Adderley, Nancy Wilson, Benny Goodman, Cootie Williams, Cab Calloway, Earl "Father" Hines, Charlie "Byrd" Parker, Bix Beiderbecke, Teddy Wilson, Tony Williams, Buddy Rich, Pete Fountain, Gene Krupa, Gerry Mulligan, Stanley Clarke, Al Hirt, Chick Webb, Stan Getz, Billy Strayhorn, Art Tatum, Fletcher Henderson, Jimmy Lunceford, Sarah Vaughn, Zoot Sims, Manhattan Transfer, Bessie Smith, Ma Rainey, Billie Holiday, Phyllis Hyman, John Coltrane, Al Jarreau, "leadbelly" Bates, Count Basie, Ahmad Jamal, Thelonius Monk, T. S. Monk, Lionel Hampton, Stanley Turrentine, Fats Waller, Jimmy McGriff, Richard "Grooves" Holmes, Charles Sonny Stitt, Duke Ellington, Eubie Blake, MJQ, The Laws Family, Dizzy Gillespie, Earl Garner, Ron Carter, Charlie Mingus, Earl Klugh, Coleman Hawkins, Ornette Coleman, Lester Young, Benny Carter, Jimmy Heath, Betty Carter, Jackie McLean, Max Roach, Lena Horne, Hazel Scott, Morganna King, George Benson, Wes Montgomery, Joe Williams, Alberta Hunter, Lambert, Hendrix and Ross, Heath Brothers, Ben Webster, Sidney Bechet and countless others.
